Hi Mira,

I sent today this money to you. Procedure to pick it up should be simple. You just need to locate nearest Western Union office. When you go there you should let them know that there is some money for you sent from Serbia, and also sender's name (i.e. my name in this case). They will ask you for your ID card and for a so-called money transfer control number (MTCN) which is: 359-303-4011. You will be able take money in Korunas, and total amount is about 1660 CZK. Please just confirm that you've got the money. Thanks.

Cheers,  
Bojan.
